## About IIT-JEE

IIT-JEE is the topic of discussion for every aspiring engineer. To crack the exam is the dream for every aspirant. However, only a few can make it. Make the exam as your dream, your ambition and prepare yourself with the full determination. Therefore, to help you, I am here to share a complete guide about the IIT-JEE (JEE Main, JEE Advanced). This complete information will guide you the best to reach your destination.

### What is the IIT-JEE Exam?

IIT-JEE is Joint – Entrance Examination for Architecture & Engineering Courses. The exam offers admission in IITs, NITs and other prestigious engineering colleges pan India. IIT-JEE proved to be a great opportunity for aspiring engineers. The answer to what is, IIT-JEE is an exam, which is the best platform for the Engineering and Architecture aspirants. The exam provides the opportunity to the students to highlight their talent and knowledge with the IITs level.

### IIT-JEE Main Exam

The first step of IIT-JEE is the Main examination. The exam is conducted in the online mode by NTA in the month of January and April. The NTA uses LAN instead of the Internet to conduct a safe and secure examination.

## About NEET

The National Eligibility cum Entrance Test (Undergraduate) or NEET (UG), formerly the All India Pre-Medical Test (AIPMT), is an all India pre-medical entrance test for students who wish to pursue undergraduate medical (MBBS), dental (BDS) and AYUSH (BAMS, BUMS, BHMS, etc.) courses in government and private institutions in India and also, for those intending to pursue primary medical qualification abroad.

The exam is conducted by National Testing Agency (NTA), which provides the results to the Directorate General of Health Services under Ministry of Health and Family Welfare and State Counselling Authorities for seat allocation.

NEET-UG replaced the All India Pre Medical Test (AIPMT) and many other pre-medical exams conducted by states and various medical colleges. However, due to law-suits being filed against the exam, it could not be held in 2014 and 2015.

NEET-UG is a single entrance test for admissions to more than 66,000 MBBS and BDS seats pan India.

# Director Message

Dear Students,  
Welcome to Global Classes.

Education is a social process. Education is growth. Education is, not a preparation for life; education is life itself. Swami Vivekananda said 'Education is not the amount of information that is put into your brain and runs riot there undigested, all your life. Education is a process by which character is formed, strength of mind is increased, and intellect is sharpened and because of which one can stand on one's own feet.

Global Classes have served its students with its core values as guiding principles. Our core values have been the key to our success and are the basis for everything we do. These values foster an environment that keeps our performance focused on the students. Serving our students are our solitary priority.

JEE (Main) is taken every year by 18 Lakh students. Although only 16,000 students secure a seat in IITs. Therefore, a considerable number of students are focussing on JEE (Main) exam, which offers more than 50000 seats across premier institutes such as NITs, IIITs, GFTIs and SFTIs. To focus on such students in more effective manner, we have brought in clear separation of JEE (Main) Division.

I hope our renewed and dedicated focus on JEE (Main) students will further improve their performance in competitive examinations.

**With Best Wishes,**  
**Er. Tarun Sharma**  
(Director)

# Managing Dizector

*Dear students,*

*There is no substitute to hard work, you must have heard but hard work accompanied by smart work is the key of excellence in the present world of cut-throat competition. Students generally find themselves in the ocean of confusion and dilemma when it comes to prepare for any exams usually students do not know how to start and what to study.*

*We aspire to make our students excel in terms of thought, ideology and performance. To achieve this, me and my faculty work with commitment and dedication with such an endeavour, we are sure of achieving the pinnacle for success.*

*Here At Global Classes, we truly understand that the final outcome is always in the hands of student but we also believe that it is the teacher who can truly direct the student to achieve the desired goal, I take personal interest in what's going on in my class, to confirm that we as an organisation achieve the desired outcome.*

*In our view, preparation of examination is based on three pillars.*

*Concept Clarity, Contextual familiarity and Application Expertise. Our innovative and dedicated teaching ensures that every student gets a firm grip of each of these pillars so very essential for arduous preparation. I, on behalf of entire Global Classes team welcome you to join us and feel the blend of quality & innovation that can change you to be the world class professional.*

**With Best Wishes,  
Randhir Sihag  
(Managing Director)**

## Why to Join Global Classes

Global Classes is a venture that is committed to maintain the students confidence and trust, their capability building through intellectual stimulation to motivate students to derive the optimum out of them and in this achieve total success, i.e., At least one success to each and every study Global Classes

## Global Teaching Strategies

Global Education has redefined the class room teaching and it has taken a number of innovative steps to deliver the quality education by its renowned GURU (IITIAN, professionals & scholars) and they fulfil the commitment of Total Success. Some of the innovative measures are as given below:

### Structured Course Progress:

The course progress will be monitored in a completely structured manner beforehand & the same will be completed well on time and on the pace as recommended. Sometime the teachers will have to engage extra classes if the course progress is not upto the schedule and may arrange cop-up classes if majority of students fail to grasp on topics or deep knowledge needed for IIT- JEE/PMTS.

### Beginner's Phase

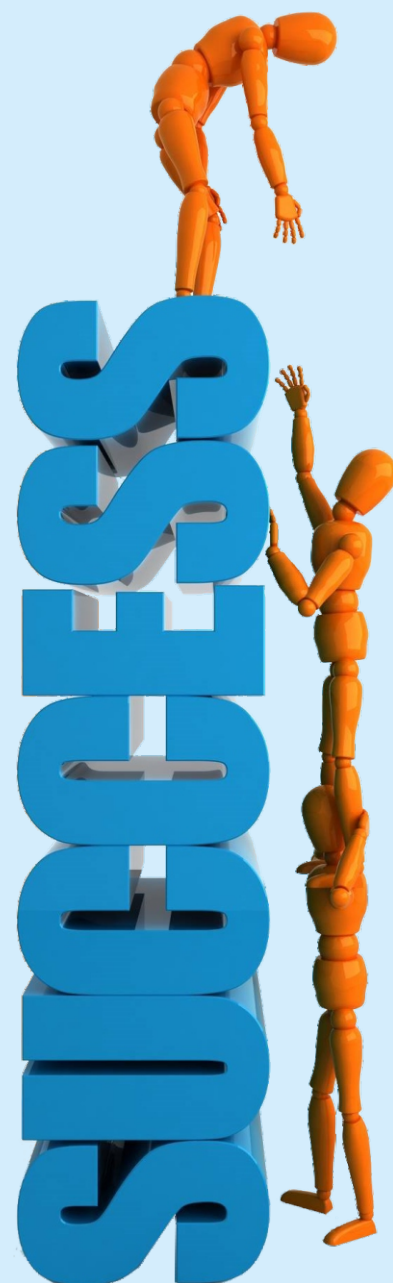

The most tender & caring phase starts with very basic level, where classes are conducted in same as school syllabus. It prepares the students to face the challenges of the future. Students are feeded in such a way so that they can achieve the zenith of the success and can become future leader by making class room activities at par with the school and students never feel burden in-between school and in our institute.

### Scholar's Phase

The transition state is from X to XI. This phase is the most sensitive phase. A child faces biological & emotional changing in himself/herself. Therefore, students are the most sensibly guided and trained to balance between their study and emotional changing due to biological change. This phase of one's life is the most energetic phase and we are well trained to use up their energy in shaping & making their career & life successful with great ease. Students are prepared well before to face the complexity of different entrance in properly & well equipped student's friendly environment

### Achievers Phase

This phase, focused on application part of the concepts learned in scholar's and beginners phase. This phase helps students to recognize the tricky part of the competitive exams and gives the confidence to face the exam like achievers & make them successful.

**GLOBAL**  
CLASSES

## Mission

To provide an education that transforms students through rigorous course work and by providing an understanding of the needs of society and industry. To collaborate with other academics and research institutes around the world to strengthen the education.

## Vision

Our Aim is to become one of the most admired brands in education sector and help and young aspirants to make their dreams come true through quality teaching, technology enabled systems and commitment.

# STUDENT MENTORING SYSTEM

## (Academics & Non Academic)

Global work on its six sciences are devoluted to different attributes of a student to excel in competitive field. we understand the importance of different components, tools and techniques of training desired for results.

### ▶ Academic team

Teacher know how to make the student learn

### ▶ Competitive Environment

student are encouraged to competes among in every class

### ▶ Regular Class

Students are given fundamental concepts and fundamental learning

### ▶ Chapter wise Sheets

Fundamental and concept build up through more practice towards perfection

### ▶ Daily Practice Problem (DPPs)

Daily dose of researched questions

### ▶ Periodic Tests

Measurement of preparation towards target

### ▶ Doubt Clearing Sessions

A catalyst for learning mind

### ▶ Workshops & Motivation Classes

Keeps the steam going

### ▶ Discipline

Creates a calm and organized environment

### ▶ Communication

Result and other academic activities are communicated to the parents

## Students Speak

Teachers are fully devoted to students and their explanation is very unique in comparison to other coaching institutes.

# IIT/NEET REPEATER Mein Jeet Pakki !

## Global Classes Ki Guarantee\*

**Crack IIT/NEET or Get 100% Fee Scholarship with  
Success Guarantee program (SGP)**

SGP is the first of its kind program started by Global Classes to guarantee students of success in Medical/Non Medical competitive exam IIT/NEET.

Global Classes takes pride in the quality of its academic delivery and this program gives assurance to students and their parents that once a student gets enrolled in Global Classes their success is guaranteed. This gives Global Classes a change to continuously challenge the status quo and improve further. We are proud to say this is the First Program that guarantees success in IIT/NEET in Hisar !

## TOP\* Selection Rate

### 6 POINT EDGE

Rigorous Academic  
delivery from  
best in class faculty

Study material crafted  
by experts and access  
to tech resources

Focused and high-quality  
Peer Group for conditioning  
on high competition
